BUSINESS GROUPS

PRODUCT CATEGORIES

APPLICATIONS

FLUENT

As one of the global leaders in production and distribution of pipe systems, fittings, conduits and plastic accessories, Mexichem's products provide reliable and efficient solutions for delivering data, video, communications, electricity, water and gas.

Building & Infrastructure

- Hot and cold systems (for bathrooms and kitchens)
- Soil and waste systems
- Surface heating & cooling (underfloor heating, ceiling cooling)

- Rainwater collection systems (roof gutters, siphonic systems)
- Water tanks

Irrigation Systems

- Sewer systems
- Infiltration and attenuation units
- Water & gas distribution

Geosynthetics

- Road infrastructure
- Foundations
- Erosion control
- Mining, landfill and artificial ponds

Datacom Systems

- Cable ducting

VINYL

Through various processes, salt is transformed into valuable compounds

including PVC, ethylene, chlorine, caustic soda and sodium hypochlorite used to manufacture products that improve living standards worldwide.

PVC Resins and Compounds

- Artificial leather
- Building
- Caps & closures
- Ceiling covers
- Color Masterbatch
- Door panels & dashboards
- Flooring & carpeting
- Footwear
- Furniture
- Garden hoses

- Gloves
- Medical devices
- Oxygen masks
- Pipes & fittings
- Pool & pond membranes
- Roofing elements & gutters
- Toys
- Water container & bottles
- Window seals & gaskets
- Wire, cable & harnesses

PA & Plasticizers

- Polyester & Alkyd Resins

Phosphates

- Food additives

FLUOR

A global leader in the development, manufacture and supply of fluoroproducts that play a fundamental

role in enhancing everyday lives, Mexichem's "mine to market" structure ensures a secure supply chain.

Fluorspar Met Grade

- Crude steel
- Cement
- Tiles

- Crystal glass
- Bottles
- Lightbulbs

Fluorspar Acid Grade · Hydrofluoric Acid (HF)

Hydrofluoric Acid

- Pharmaceuticals
- Agrochemicals
- Electronic appliances
- Polymers
- Tooth pastes

- Edible salt
- Mouth wash lotions
- High-octane gasoline
- Nuclear fuel
- Refrigerant gases

Anhydrite

- Self levelling flooring screeds
- Prefabricated construction elements

- Plaster and Compounding of plastics

Aluminum Fluoride

- Airplanes
- Cars

- Food packaging

Refrigerants

- Automotive air conditioning
- Commercial refrigeration
- Transport refrigeration

- Commercial & Residential air conditioning systems

Technical propellants

- Thermal Insulation

- Industrial aerosol

Medical propellants

- Inhalers for lung conditions
- Angina sprays

- New systemic medications delivered via the lung

Base Chemicals

- Beverage additives
- Pulp & paper
- Water treatment

- Soaps and detergents
- Oil & gas
- Metal & steel
